Why should you choose Uneek LEDs shipping container lighting?

Uneek LEDs Shipping Container setups have been chosen by industry for their lighting needs. Choosing a selection results in a full page refresh. Uneek LEDs has a range of Solar Powered Shipping Container Lighting kits to suit every need. From Containers used for storage on your property to Containers used for Commercial and Industrial use.

Can LED lighting be used in shipping container conversions?

The adaptability of LED lighting is one of its greatest strengths in shipping container conversions. Whether the container is being used as a temporary event space, a permanent residence, or a mobile office, LED lighting can be customized to meet specific needs.

What is the best light for shipping container lighting?

LED technology emerges as the best option for shipping container lighting, offering superior efficiency, minimal heat emission, excellent brightness, and easy installation.

What are the exterior lights on a shipping container?

Our solar-powered exterior lights are motion-activated and three times brighter than standard lights, enhancing security around the container. For the interior, we offer rechargeable lights with three brightness levels, designed to illuminate even large storage areas. How are the exterior lights mounted to the shipping container?

Uneek LEDs has a range of Solar Powered Shipping Container Lighting kits to suit every need. From Containers used for storage on your property to Containers used for Commercial and Industrial use.
