Buy China 3.7V/550mAh 13400 lithium battery from verified wholesale supplier Dongguan Hongli Technology Co., Ltd at USD 0.68. Click to learn more premium battery pack lithium battery lithium ...

Lithium battery protection: short-circuit protection, overcharge protection, over-discharge protection, over-temperature protection, overcurrent protection,ESD protection, etc

Feature highlights: This Lithium Polymer Li Ion 13400 Battery offers a 3.7V nominal voltage and 550mAh capacity, designed for deep cycle rechargeable use in toys, wape pens, and indicator lighting.

190Wh Lithium Ion Battery for V-mount cameras. Standard working time on full charge is approximately 8 hours. Works with all standard v-mount devices. 4-Level LED Indicator displays remaining charge, ...

Lithium battery protection: short circuit protection, overcharge protection, over discharge protection, over current protection, etc. Application areas: electronic cigarettes (electronic vape), etc.

Packaging Details: 1. The default is professional pallet packaging, with one grid for each battery. 2. We ship the goods according to the customer"s requirements.

These high capacity lithium ion battery packs are super concentrated and are available in four different sizes - up to an impressive 13400mAh!

Lithium-polymer (Li-Polymer) batteries find applications in a wide range of electronic devices due to their flexibility, lightweight design, and high energy density.

Length of soldered leads is short and will vary. There may be signs of tape residue or padding on battery. Low internal resistance. Waste battery can be recycled. Flexible design in shape ...

The 13400 battery 550mah is a lithium-ion (Li-ion) battery designed to meet the energy demands of various

13400pack lithium battery

applications. Its compact size and high energy density make it a preferred choice for devices ...
