Shop high-quality 400V switchgear cabinets from reliable suppliers. Enjoy durable, efficient, and customizable power distribution solutions for your needs.

In high-automation environments like large power plants and petrochemical systems, where integration with computer interfaces is required, it serves as a low-voltage complete ...

It reliably supports AC 380V voltage input and can handle a maximum current of up to 400A, making it an ideal choice for various industrial power distribution setups and critical electrical control scenarios.

High-capacity power distribution solution designed for industrial applications requiring 1875A current handling with 25kA short-circuit protection and comprehensive monitoring capabilities. Certified for ...

Discover 400V voltage switchgear for power distribution with IP65 protection, CE certification, and stainless steel construction. Ideal for industrial applications.

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.

It is an ideal product of choice for power grid transformation. The comprehensive distribution box (JP cabinet) is made of high-quality 201/304 stainless steel. Simple appearance and easy installation.

PRISMA E distribution box is a low-voltage switchgear produced by Shanghai People Electric Industrial Co., Ltd. authorized by Schneider. PRISMA E is suitable for low-voltage distribution systems of 630A ...

Power conditioning and distribution cabinet that offers the benefits of a custom-tailored system, with the convenience and cost savings of a pre-packaged, factory-tested system.

400V Communication Power Supply Cabinet for Steel Plants

GGD series AC low-voltage power distribution cabinet is suitable for the use in power plants, substations, industrial and mining enterprises, etc. as AC50Hz, rated working voltage 400V, rated ...
