-----

Housed in a prefabricated 40ft container, the system integrates 2.5MW power conversion, 5MWh of high-voltage LFP batteries, a step-up MV transformer, and full monitoring and safety infrastructure.

Integrated PV and storage system with super wide PV input voltage; Small footprint and IP54 protecting grade for outdoor installation. Safe & Reliable High-performance battery cell, meet IEC/UL/GB ...

Pre-fabricated, Plug & Play are pre-fabricated and completed test in factory, just plug and play when installing. to 5MWh for wind-cooling container ESS system; Easily to increase PV system.

Our Battery Energy Storage System (BESS) can be operated under on-grid and Off-grid operation mode. The BESS system is controlled to cut off the grid connection within 10 seconds and switch to ...

The 5MWh ESS is a turnkey energy storage solution designed for industrial and commercial applications. It combines high-capacity battery modules with a reliable PCS inverter system, all within ...

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

The 2.5MW PCS and 5MWh batteries are all integrated into a single cabinet, allowing the system to output AC power directly. This saves space, enhances safety, and improves performance.

Comprised of Tier one A+ LFP Cell with over 6000 cycles and a service life of over 10 years. Optional PV charging module, of-grid switching module, inverter, STS and other accessories are available for ...

The core components of these systems include PCS, lithium-ion batteries and energy management systems. These "turnkey" ESS solutions can be designed to meet the demanding requirements for ...
