Monocrystalline Solar Cell - 160x70mm SKU: SC20072 Features: 7.2V, 200mA Comes with Arduino compatible barrel plug termination Connect multiple solar panels in Series if higher voltage is ...

The 7.2V 100mA Flexible Solar Panel with Pressure Sensitive Adhesive (PSA) offers a lightweight, durable, and easy-to-install solar power solution. Its flexible design and extra edge seal protect ...

The Monocrystalline Solar Cell, 200mA, 7.2V from OSEPP Electronics (Part Number: SC20072) is a high-efficiency photovoltaic module designed for reliable energy harvesting in a variety of applications.

Introducing our powerful 7.2V 200mA Solar Panel, a reliable and eco-friendly ...

This thin-film amorphous silicon flexible solar module is laminated with standard duty PET, edge seal, and exposed backside contacts. It's well suited to collect direct sunlight and indirect light in shady ...

Introducing our powerful 7.2V 200mA Solar Panel, a reliable and eco-friendly solution to harnessing solar energy. This compact yet efficient solar panel is designed to convert sunlight into electrical ...

Discover the efficiency and power of the 7.2V solar panel, the ideal solution for those seeking a reliable and sustainable energy source for their homes or businesses.

Charge 4 AAs @ 100mA charge rate with this panel! These PowerFilm flexible solar modules can be used alone to direct-power your small DC project (anything that runs off 7.2V or less and requires ...

Solar Power Products in one stop place. Find your solar panel or solar power products here.

Shop a selection of 7.2V 0.72W 100mA Flexible Solar Panel at Silicon Solar . We offer FAQs and 20 years of renewable energy experience.

7 2v photovoltaic panel

Availability: This product is no longer available. The PowerFilm WeatherPro Series is the perfect choice for permanent outdoor applications that are directly exposed to the elements.
