Explore our range of superior solar panels and take the first step towards a brighter tomorrow.

The WAAREE II 550W Bifacial Mono PERC Solar Panel combines cutting-edge half-cut cell technology with durable tempered glass construction, delivering high-efficiency energy conversion and long-term ...

Designed for both on-grid and off-grid applications, these solar panels are perfect for diverse setups including rooftops, farms, yachts, and gardens, providing flexibility to meet various energy needs.

Botswana is taking significant steps to boost its renewable energy sector with the establishment of assembly plants for solar panels and batteries. These initiatives aim to support the ...

We specialize in renewable energy solutions for borehole and irrigation systems, as well as residential and commercial photovoltaic markets. Our clients range from local farmers requiring efficient ...

Botoka - ? Big Savings Alert! 550W RISEN Solar Panels are now on special for just P1,300 (Inc. VAT)!

The kit includes 18 bifacial solar panels, each with 550W capacity, maximizing energy output and ensuring reliable performance in diverse lighting conditions.

Specifications of the 550W Mono Solar Panel: Power output: 550 watts; Cell type: Monocrystalline silicon; Operating temperature: -40°C to 85°C; Product Features: High-quality monocrystalline silicon ...

We design and install customized high quality Solar Systems and PV Installations including solar panels for the large scale commercial and residential sector in Botswana & South Africa.

Ideal for rooftop charging stations, farms, yachts, and more, this solar panel kit meets diverse energy needs, providing reliable power wherever you are.
