Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

The product integrates the charging cabinet, charging interface, human-computer interaction interface, communication, and metering into a whole. The cabinet adopts waterproof, dustproof, and heat ...

Our main products include low voltage and high voltage battery ...

Photovoltaic energy storage cabinets are designed specifically to store energy generated from solar panels, integrating seamlessly with photovoltaic systems. [pdf]

Our main products include low voltage and high voltage battery packs, on and off grid hybrid inverters for households, commercial and industrial applications. We also have the all-in-one hybrid generator ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

High-capacity modular design that can be scaled from 215kWh to multi-MWh configurations. IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture.

Commercial and Industrial (C& I) facilities with substantial energy demands--including schools, factories, and gas stations--can optimize energy utilization through solar photovoltaic (PV) and battery storage ...

High-efficiency Dominic IP54 outdoor photovoltaic cabinet used in train stations

The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems.

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet.
