The meaning of LARGE is exceeding most other things of like kind especially in quantity or size : big. How to use large in a sentence.

LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar arrays, reducing reliance ...

With an experienced R& D team, we are able to design and manufacture solar power pods with superior performance and cost-effectiveness according to the specific needs of our customers.

Remote construction crews rely on solar containers for lighting, tool charging, and communication equipment. Mining operations use them to power ...

Discover our solar container for mining that provides reliable, portable, and sustainable energy for remote mining operations. Ideal for off-grid sites, it reduces costs and environmental impact.

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs.

Definition of large adjective in Oxford Advanced American Dictionary. Meaning, pronunciation, picture, example sentences, grammar, usage notes, synonyms and more.

Explore how SolaraBox's off-grid solar containers provide reliable and sustainable power solutions for remote mining operations, reducing reliance on diesel generators and lowering operational costs.

Remote construction crews rely on solar containers for lighting, tool charging, and communication equipment. Mining operations use them to power sensor networks and monitoring ...

Large-capacity solar-powered containers for mining

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel redundancy when regulatory or client requirements demand it.

A Special Verdict, or Verdict at large, is so called, because it findeth the special matter at large, and leaveth the Judgement of the Law thereupon, to the Court.

Large refers to something that is bigger than others of its kind in terms of size, scale, amount, or degree. It often implies exceeding the normal or average measurements or standards.

A large thing or person is greater in size than usual or average. The pike lives mainly in large rivers and lakes. In the largest room about a dozen children and seven adults are sitting on the carpet.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy independence ...

Large (abbreviation L) is a size of clothing or other product that is bigger than average:
