Dedicated to providing customers with high and low voltage control cabinets, explosion-proof cabinets, PLC system development, low-voltage components, and automation solutions.

Our energy storage cabinet systems provide efficient solutions for commercial and industrial (C& I) applications, including battery storage, outdoor cabinets and solar systems, ensuring reliable ...

Product Features: Standardized structure design, menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other ...

Pixii MultiCabinet solutions are modular battery energy storage systems that scale to your needs. It comes with smart functionality like time shift and peak shaving ...

Q: Can you offer On Grid and Off Grid solar power systems? A: Yes, we produce OnGrid solar power systems, Off Grid solar power systems and also provide Hybrid solar power systems.

The outdoor photovoltaic energy cabinet can provide reliable monitoring systems, photovoltaic, and battery systems. It is a unified power supply platform system that supports various AC and DC input ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

These cabinets are ideal for outdoor base stations in remote, mountainous, or desert regions, especially where grid power is absent, unstable, or costly. They are also used for border security, relay towers, ...
