Xinhonghua produces cold bending roll forming equipment such as photovoltaic bracket machines, C/Z purlin equipment, roof panel and floor deck forming systems.

Customized continuous production: The machine can directly produce the required fixed-length brackets according to project demands, reducing on-site cutting and waste, and achieving "production on ...

The fully automatic cold bending forming machine for photovoltaic supports is an advanced piece of equipment. It efficiently cold - bends and shapes metal materials into precise photovoltaic brackets.

Photovoltaic bracket cold bending machine This machine is suitable for the cold bending forming production of photovoltaic brackets: ? Maximum forming speed: 30 meters per minute; ? ...

We are a professional manufacturer dedicated to cold bending equipment, our engineers can customize different equipment according to the needs of different customers.

Supplier highlights: This supplier is both a manufacturer and trader, offers sample customization, and has strengths such as local after-sales service and product certification. The positive review rate is ...

With over 20 years professional experience, we have been the TOP 3 manufacturer and exporter of HIGH QUALITY cold roll forming machines in China. We are an ISO9001 approved company, and ...

Compared with traditional fixed brackets (the same number of solar panels), the new solar module bracket system represented by solar single-axis tracking brackets and solar dual-axis tracking ...

Explore our top - notch solar PV bracket forming machine equipment. Engineered for high efficiency and precision, it can meet all your solar PV bracket production needs.

Photovoltaic bracket cold bending forming machine brand

The series of Hangzhou Roll Forming Technology's solar PV support forming machines can produce double-in-roll c-shaped steel photovoltaic brackets with consistently high quality at a stable speed.
