The territory possesses substantial solar resources and wind and biomass resource potential. Planned renewable power projects include utility-scale solar photovoltaic (PV) and wind generation with ...

Now, just a short flight away, Western Samoa is trying to catch up. The country has signed off on a multi-million dollar loan deal to expand solar power across its two main islands, Upolu and Savai'i.

In an effort to achieve the renewable energy targets for Samoa, EPC seeks to implement two additional Solar & BESS Renewable Energy Generation Facilities (REGF's).

ADB has signed a transaction advisory services agreement with Samoa's Electric Power Corporation (EPC) to support the development of a solar photovoltaic and battery energy storage ...

Greenpower Samoa is a leading renewable energy company in the South Pacific, dedicated to advancing sustainable energy solutions. We specialize in the ...

BESS projects will be critical for American Samoa to achieve its renewable energy goals by maximizing solar utilization, reducing dependence on imported fuels, and ensuring a safe, reliable ...

Aptech Africa is excited to announce the successful installation of a solar photovoltaic (PV) system in Samoa, supporting the country's efforts to transition to clean and renewable energy.

The agreement supports the development of solar photovoltaic and battery energy storage systems with installations planned for Upolu and Savai'i. The project is expected to represent ...

Greenpower Samoa is a leading renewable energy company in the South Pacific, dedicated to advancing sustainable energy solutions. We specialize in the investment, development, and ...

The Asian Development Bank (ADB) and Sun Pacific Energy Ltd (SPEL) have signed a US\$2.8 million

Samoa solar electricity system

(approximately AU\$4.3 million) loan to expand renewable energy generation in Samoa.

The initiative will involve the expansion of solar farms, battery storage systems, and energy efficiency programs to support domestic and commercial energy needs. Samoa currently ...
