For US and lower volume customers, the P126 or P105 are available as substitutes. The 2 Watt solar panel (2W 6V) is lightweight, waterproof, and designed for long term outdoor use in any environment. ...

This 6V 2W solar panel is built with high-efficiency back-contact solar cells, delivering up to 23% efficiency. There are no grid lines on the surface of the solar panel. In addition to providing stable ...

6V Solar Panel for Deer Feeder, Efficient Solar Panel Charger w/Adjustable Mounting Bracket & Alligator Clips, Compatible with Game Feeder Timer & 6V Rechargeable Batteries

The 2 Watt 6 Volt solar panel is lightweight, waterproof, and designed for long term outdoor applications. It will charge a 1S LiIon or LiPO4 cell. The panel features: High-efficiency SunPower solar cells ...

They output a "nominal" 6V at 330 mA peak via a 3.5mm x 1.1mm DC jack connector. The panel is constructed with ETFE (Ethylene Tetrafluoroethylene), making it extremely durable and resistant to ...

5 Packs 6V 60mA 72mm x 45mm Mini Solar Panel Cell for DIY Electric Power Project

A 6V 2W solar panel is a compact, low-power photovoltaic module ideal for small-scale applications such as portable electronics, garden lights, battery charging, and DIY solar kits.

This 6 volt 2 watt solar panel is built with the latest most efficient polycrystalline solar cell. It is laminated by tempered glass, which is durable and robust.

Our 6V 2W solar panels are ideal for various applications, including off-grid systems, remote monitoring, and outdoor equipment. With their compact size and high efficiency, these panels are an ideal choice ...
